

The Lake Minnetonka Kennel Club
and the
University of Minnesota College of Veterinary Medicine

Cordially invite you to join us for a
Comparative Oncology Event

“Changing the Course of Cancer”

Featuring Dr. Jaime Modiano

Learn about human and canine cancers, the connections between them, and how exciting new treatment therapies for pets have led to new treatment therapies for humans.

When

Wednesday, March 7, 2012
6:30 p.m. (hors d'oeuvres followed by presentation)

Where

215 Pomeroy Student-Alumni Learning Center
St. Paul Campus, University of Minnesota
1964 Fitch Ave., St. Paul MN 55108

Did you know?

- Humans and dogs share similar genes and suffer from many of the same types of cancer.
- Veterinarians, physicians, and research scientists have joined forces to develop innovative cancer treatments that benefit both humans and animals.
- The University of Minnesota is the leader in this revolutionary field of comparative oncology.

**For more information and to RSVP, contact 612-624-7231 or cvmadmin@umn.edu.
Please RSVP by February 29.**

Hosted by Sally Sweatt, Andrea Chisholm, and David Runkle
